

DOUGLAS D. SCHUMANN LIBRARY & LEARNING COMMONS

I. Library Facilities

The library partners with the Wentworth community by providing resources and services that anticipate and respond to changing academic and personal information needs.

The newly renovated Library, opened in September 2016, provides students with a modern, technology-rich learning environment and spaces that support everything from heads-down quiet study to collaborative group work.

Librarians and library staff are here to help with research, citations, requests for library materials, and technology support.

Group Study Areas: Eight group study rooms are available, which can be reserved by students, faculty and staff. All study rooms include 70" HD monitors for connecting computers, collaborating, or doing presentation work.

Technology Sandbox: Located on the 2nd floor, the Tech Sandbox is a space where students can engage with new and emerging technologies through hands-on use. Students can also borrow cutting-edge hardware and software. Self-service 3D printing and scanning are available here as well. Stop by the Tech Sandbox for details.

Quiet Study: On Mezzanine level, both the Reading Room and the study nooks near the book stacks are quiet study areas.

II. Printing, Scanning and Computing

Print centers are available on both the 2nd and Mezzanine floors, with four color/black&white printer/scanner/copier stations; use your WIT ID to release print jobs to any printer in the Library.

- Four Flatbed scanners and two “KIC” overhead camera scanners are located on both 2nd and Mezzanine floors.
- Ten PC and two Mac computers are available on 2nd floor for public use.
- A Plotter scanner/printer is available on the Mezzanine level, near the elevator, for large-scale printing and scanning.

III. Library Collections

• Physical Books:	51,340
• Digital/e-Books:	292,719
• Physical Journal Titles:	209
• e-Journal Titles:	71,346
• Physical Videos (DVD):	1,808
• Streaming Videos:	36,827
• Online Databases:	75

IV. Interlibrary Loan and Access to Local Libraries

Wentworth students, faculty, and staff may also access materials from other libraries.

- Fenway Libraries Online (FLO)

Wentworth students, faculty, and staff may borrow materials from all of the libraries in Fenway Libraries Online; remember to bring your WIT ID card when you go. To request that an item from another FLO library be delivered to the Schumann Library for pickup, select "Make a Request" from the item record in the catalog; please allow one week for delivery. Contact the circulation desk for more information.

- Fenway Library Consortium (FLC)

The Fenway Library Consortium is a cooperating group of libraries in the Boston area that includes libraries beyond the FLO network. Wentworth

students, faculty, and staff may borrow items from any of the FLC libraries; additional registration at the FLC library may be necessary.

- Commonwealth Catalog (ComCat)

The Commonwealth Catalog provides one place to search for books in all participating Massachusetts libraries. Make a request through ComCat, and the items will be delivered to you here at the Schumann Library.

- Boston Public Library (BPL)

Wentworth community members who work, own property, or live (even temporarily, as a student) in Massachusetts are eligible to borrow materials from the Boston Public Library.

All of this information (and more) is available at

<http://library.wit.edu>
