Credit Overload	
Total number of Credits Requested:	
Reason for Overload:	<i>Submit a letter justifying the necessity of registering for courses along with co-op. This letter should include the hours you plan to work each day, and the times of each class for which you plan to register.</i>

I acknowledge that I am asking to take a credit overload of coursework in addition to my co-op and take responsibility for these additional credits as I would for credits taken during a standard semester of coursework, including but not limited to registration, withdrawal, and payment for those credits. I understand that Wentworth will only accept a maximum of eight credits with the appropriate required signatures.
