

Opt-Out of Title IV Advanced Funds for Books & Supplies

In accordance with Federal regulations effective July 1, 2011, Wentworth Institute of Technology must provide funds for students with an anticipated Federal Title IV credit so that they may obtain books and supplies by the seventh day of the term.

Title IV eligible students will be reviewed for books and supplies advances if the below conditions are met:

1. Student was awarded federal aid at the time of review,
2. Have submitted ALL requirements for verification and will have a Title IV credit balance on their account after direct charges (tuition, fees, and room and board, if applicable) are covered
3. Students who have a previous account balance are not eligible for review
4. Registered for the semester for which the Federal Title IV credit will be applied

Student Financial Services Counselors will review and process a books/supplies advance, up to \$750 per semester. Counselors will identify Title IV eligible students on the tenth day before the start of the term. The delivery of the funds will be based on student’s refund preference. Counselors will not review the account again for credit increases and decreases until the rest of financial aid disburses for the term.

If a student drops any or all classes after the advanced fund is released, the student is responsible for repayment to Wentworth by the end of the add/drop registration period of the term.

Please return completed the form to the Student Service Center.

Opt-Out of Title IV Advanced Funds for Books and Supplies

Title IV eligible students have the right to opt out of the advance payment process for books and supplies each term.
