

Download and Install the Panopto Recorder

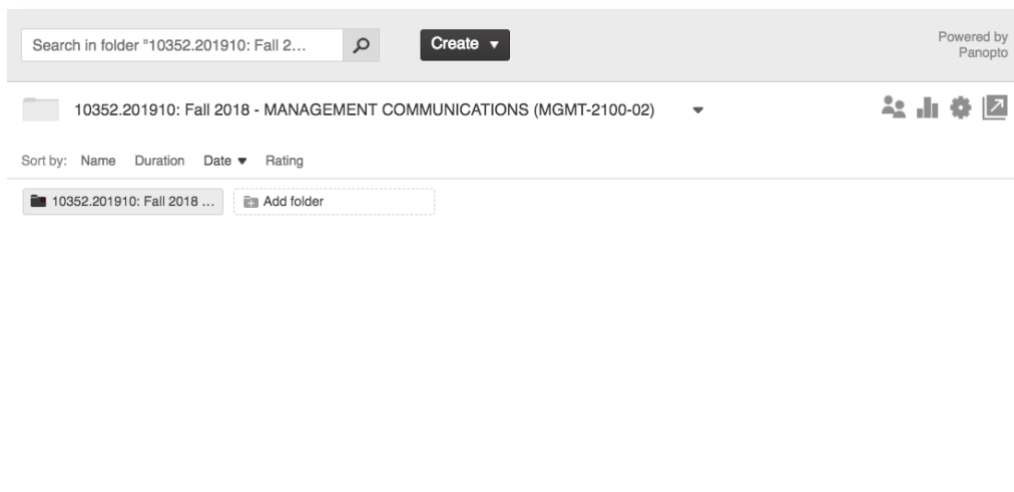

In this document, we will demonstrate how to download and install the Panopto recorder.

Download and Install the Panopto Recorder

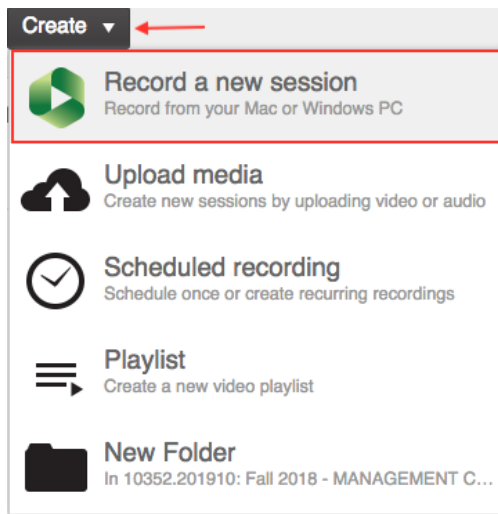

Step 1: After you have provisioned your course for use with Panopto (see *Provision Individual Course*) Click **Panopto** from the *Course Menu* on the left side of your Blackboard course website.

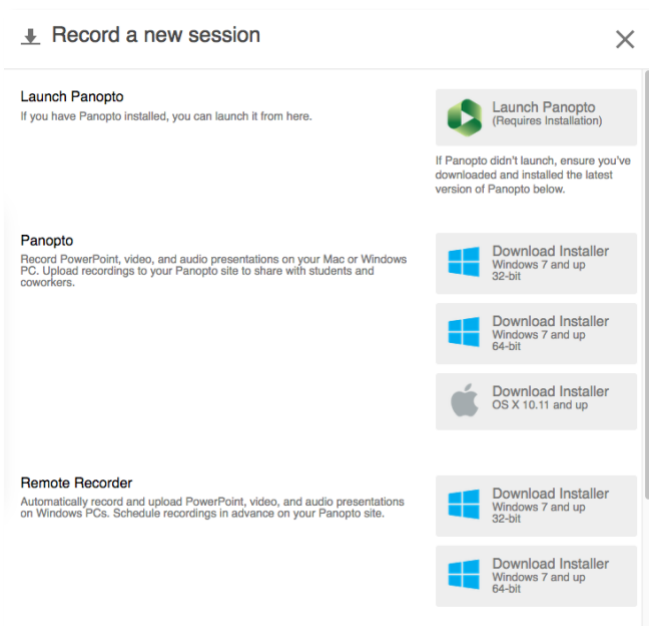

The Panopto *Main* course folder will appear as shown.

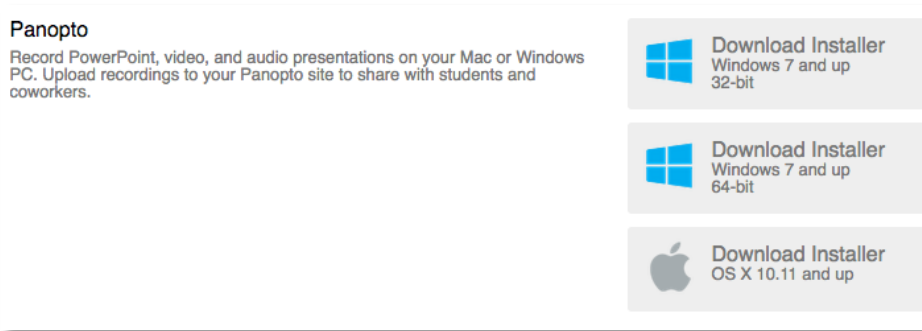

Step 3: Select **Record a new session** from the *Create* drop down menu, located at the top of the page.

The following screen will appear.

Step 4: Download the installer for your operating system (Windows or Mac).

Step 5: Save the file and **install** the software on your local computer. After you have installed the software, you will need to refresh your browser/reload the page.

In the next document, we will demonstrate how to record a new session in Panopto.

We hope you found this document helpful. For more information about Panopto, please contact LIT at lit@wit.edu.
