Welcome to MyADP: Managing Your Data and Information

BEFORE YOU BEGIN WORKING:

• Complete/Update W4 Tax Data
• Complete/Update Direct Deposit

Now you have one central location to access and update personal, payroll, and tax data.
Payroll Information

The Pay page provides quick, summarized access to all your pay-related information. You can view up to three years of your pay information, including your W-2s. You can also manage your direct deposit and tax withholding information.

1. Current Pay Information
2. Pay History
3. Access to Direct Deposit
4. Access to Tax Withholding and Tax Statements
Tax Withholding

Tax Withholding allows you to set up and manage your income tax withholding on the federal and state levels. You can generate electronically signed, fully compliant withholding certificates (W-4s), and since taxes can sometimes be overwhelming, there is a guided experience with a conversational tone that combines extensive contextual help including tips, info messages, and links out to additional jurisdiction resources including secondary forms.
Direct Deposit
Direct Deposit allows you to manage all of your direct deposit accounts. In most cases, account information is validated in real time to ensure accuracy and get your money to your accounts as fast as possible.

1. Click To add account
2. Select the type of account
3. Enter your account details
4. Select how much should be deposited in the account, by percentage or amount
5. Click Submit to finish
Profile
