

WELCOME TO BOSTON!

WENTWORTH RESIDENCY REQUIREMENT INFORMATION

Wentworth believes that students thrive while living on campus. Wentworth students and research both support that living on campus can provide positive academic outcomes such as higher grade point average, higher satisfaction with college experience, and greater persistence to graduation. Living on campus also offers opportunities for students to receive personal and academic support, more easily participate within the community and gain access to campus resources.

2 Years of On-Campus Living

All first-time first-year and transfer students are required to live in Wentworth residence halls their first 2 academic years.

5 Residential Communities

Wentworth offers 5 residential communities for students to call home throughout their entire student experience. We offer both traditional-style and suite-style housing options for first-year students.

Higher Retention

A 5 year research study at WIT showed that resident students are retained at a higher rate than students who do not live on campus....an average of **6% higher retention.**

Programs and Events

During 2020-2021 academic year, Student Life's Resident Assistant team hosted over **800 programs and events** for residential students.
