A Note From the Dean

Dear Wentworth Families,

I am often asked what the summer is like for myself and my team with all the students being home and the semester wrapped up. Things rarely wrap up at Wentworth, as we continue to support of students who are taking classes or participating in co-op over the summer term. While the amount of people on campus tends to be less, we are committed to providing the same experiences as the traditional academic year. But we also want to utilize this time for planning and innovation as the start of the 2022-2023 year will quickly approach. This summer, we will be utilizing the University's strategic pillar of Transformative Student Experience to guide our preparations to bring our students a dynamic and intentional out-of-the-classroom experience.

We will also take time to recharge and relax. Like some of you, staff are planning vacations, whether off to a tropical destination, a long-awaited visit with family, or a staycation to focus on other interests. I have planned to take two weeks off later this summer; the destination is still be negotiated with my 3 boys who all have varied ideas of where we should go. I wish that no matter where your summer plans take you, that it is filled with great memories.

Back on campus, we will be engaging in the search processes as we hire new staff to the Division of Student Affairs. We will be enjoying Wednesday BBQs on the Quad which have become a wonderful summertime tradition. We will be welcoming our newest Leopards through our in-person and virtual New Student Orientation sessions. And we will anxiously be awaiting to the re-opening of Beatty | cafeteria as we transition to All-You-Care-to-Eat dining.

If over the summer you or your child need any assistance, please do not hesitate to reach out to me. You can email me at kossesj@wit.edu and I am happy to assist or connect you to those who can better support you.

My best,
Dr. Jenn Kosses
Dean of Students
